This message came from outside the City of Arlington

Hello,

I am extremely distressed to learn of new development plans just off Highway 530 near a new roundabout there. I would have thought any person of discernment would understand that our quality of life has already been diminished drastically by high density housing in this area. Our roads simply cannot handle the volumes already streaming into them every day. Add adding to that burden is intolerable.

I know government is "We the people" but I feel as if nothing could be more far from truth. We the people lift up our voices and we are not heard. With the addition of the Pilot truck stop at Island Crossing life became more difficult and frustrating in the extreme. Arlington itself has begun to bulge with ugly apartments… Downtown is now clogged with traffic anytime I venture there.

I feel like this is all about the almighty dollar. Increase the tax base but where does that money go? It does not go to fix the infrastructure that is for sure. I hope your office is absolutely swamped with email and… Snail mail. We the people do not want further developments of this nature… Please.

Sincerely,
Maureen Frandsen,
425–2 20–4524.
