

**INTERLOCAL AGREEMENT
RE: LOT 108 PIPE REMOVAL**

This agreement is entered into on March 6, 2012, by and between the City of Arlington/Arlington Municipal Airport and the State of Washington, Department of Corrections.

Scope of Work

The Department of Corrections is being contracted to provide labor and materials to complete the abatement, removal and disposal of approximately 480 lineal feet of asbestos containing pipe. The pipe also contains solid black asphaltic material (likely solidified heating or Bunker C oil) that the Department of Corrections is responsible for disposing of with the pipe as well. Removal and disposal of the pipe includes disposal of the entire pipe structure including any metal sheathing. Asbestos abatement, removal, and disposal shall be done in accordance with all Federal, State and local rules and regulations. The Department of Corrections will obtain Puget Sound Clean Air Agency and Department of Labor and Industries abatement permits. The cost of all work shall not exceed \$27,454.07 as indicated in the attached email communications between the City of Arlington and the Department of Corrections.

This project is subject to state prevailing wages. The Department of Corrections shall ensure all subcontractors pay prevailing wages and submit the required prevailing wage forms to Labor and Industries.

This agreement is a part of the existing general interlocal agreement currently in existence between the City of Arlington and the Washington State, Department of Corrections.
