ATTACHMENTS:	
Proposal from Braun Northwest	
DEPARTMENT OF ORIGIN	
Fire	
EXPENDITURES REQUESTED:	\$125,000.00
BUDGET CATEGORY:	General Fund
BUDGETED AMOUNT:	None – Unscheduled Purchase
LEGAL REVIEW:	
DESCRIPTION:	
Council is asked to consider the emergency replacement of an Emergency Medical Services transport vehicle	
HISTORY:	
Unit #AFD-001E is a 2008 International 4400 ambulance. It has been an ongoing problem for years with exorbitant maintenance costs. In six (6) months in 2017 we spent \$35,550.00 in maintenance and repairs on this vehicle. Over a three year period from 2015 through 2017 we have spent \$54,500.00 in maintenance and repairs. The vehicle has a current value of \$12,000.00 on the resale market. We are throwing good money after bad to keep this vehicle in the fleet.	
ALTERNATIVES:	
Take no action; which would place us in a position to have no back-up EMS vehicle when first line units go out for scheduled service or have mechanical problems.	
RECOMMENDED MOTION:	
Workshop; discussion only.
