

## Sno-Isle Library Rezone

### Narrative

The applicant is proposing to rezone a total of 0.63 acres on two parcels from the Old Town Residential District zoning to Public / Semi-Public. The property is southeast of the E 2<sup>nd</sup> Street and N Washington Avenue intersection. The use of the property has been the public library, and the zoning should reflect this due to other zoning regulations. If the request is granted, the City's Future Land Use Map and Official Zoning Map will be updated.
