Hi Amy,

I see that it is noted in the MDNS that an excavation permit from DAHP is required prior to ground disturbance. Thank-you.

Best, KL

(B)(13) Historic and Cultural Preservation: During the notice of application period for the proposed project the Department of Archaeology and Historic Preservation requested an archaeological survey to be completed prior to ground disturbing activities. The applicant shall comply with the conditions of the archaeological survey and obtain an excavation permit through the Department of Archaeology and Historic Preservation prior to ground disturbance on the site. The applicant shall also notify the Stillaguamish Tribe of Indians prior to all ground disturbance on the site.

Subject: City of Arlington - Seattle Galvanizing Small Parts Notice of Mitigated Determination of Non-Significance

Review Agencies –

The City of Arlington has issued a Notice of Mitigated Determination of Non-Significance for the Seattle Galvanizing Small Parts & Storage Special Use Permit – PLN #1145. The SEPA Checklist and MDNS Decision is attached to the email.

To review the submittal documents please use this link: https://www.arlingtonwa.gov/310/Public-Notices-Hearings [arlingtonwa.gov] and scroll down to the 2023 projects to find Seattle Galvanizing Small Parts & Storage documents.

The City invites affected agencies, tribes, and special districts to review the documents for potential environmental impacts and provide the City Staff Contact with any comments by the close of the comment period as indicated on the SEPA Threshold Determination. Agency comments are to be submitted to the City Staff Contact via email or through the postal service. Regardless of the method, the City asks that SEPA comments be provided on their respective agency's formal letterhead.

Once received, comments will be made part of the official record on file with the City. After the close of the comment period, the City will review all comments received, and may, at its discretion, modify, or add conditions to mitigate for newly identified environmental impacts.

Please note that the City will only accept *written* SEPA comments. Following City review, all SEPA comments received within the comment period will be forwarded directly to the project applicant.

Comments received (or post-marked, if mailed) outside of the comment period will not be considered or made part of the record.

The due date for this review is **5:00 pm on Tuesday, June 25, 2024**.

Sincerely,

Amy Rusko

Stephanie,

Thank you for your comments. I will provide the Applicant and Property Owner with this requirement tomorrow when I send them the other comments that were received. I will not issue the SEPA Determination until the City has received the Archaeological Survey for the property.

Sincerely,
Amy Rusko

Hello Amy Rusko,

Thank you for contacting the DAHP about Seattle Galvanizing Small Parts & Storage project (PLN 1145). Please see the attached letter from the DAHP recommending an archaeological survey of the project area prior to ground disturbing activities. The project is currently within the recorded boundaries of a precontact period archaeological site, the purpose of the survey is to establish if the site still exists. Please see the attached letter for details.

Feel free to contact me if you have questions about these recommendations.

Best,
Stephanie

Review Agencies –

The City of Arlington has issued a Notice of Application for the Seattle Galvanizing Small Parts & Storage Special Use Permit – PLN #1145. The SEPA Determination will be issued later with an additional comment period.

To review the submittal documents please use this link: https://www.arlingtonwa.gov/310/Public-Notices-Hearings [arlingtonwa.gov] and scroll down to the project labeled Seattle Galvanizing Small Parts & Storage.

The City invites affected agencies, tribes, and special districts to review the documents for potential impacts and provide the City Staff contact with any comments by the close of the comment period as indicated on the Notice of Application. Agency comments are to be submitted to the City Staff Contact via email or through the postal service. Regardless of the method, the City asks that Notice of Application comments be provided on their respective agency's formal letterhead.

Once received, comments will be made part of the official record on file with the City. After the close of the comment period, the City will review all comments received, and may, at its discretion, ask the applicant for additional information or place conditions within the SEPA Determination that is yet to be issued. Please note that the City will only accept *written* Notice

of Application comments. Following City review, all comments received within the comment period will be forwarded directly to the project applicant.

The due date for this review is **5:00 pm on Thursday, January 4, 2024**.

Sincerely,
Amy Rusko
