Hello Amy,

I want to express my concern, about having a hot dip galvanize processing plant at 18520 67th Ave. Arlington.

I don't believe having a plant around a residential area is a good idea.

It puts many people at a risk for very bad health conditions and even worse for those who all ready have health issues.

I hope you take this into account, in the decision making.

Thank you for your attention in this matter.

Thresa
