Thank you for your comments and concerns regarding the Seattle Galvanizing Small Parts and Storage Special Use Permit. You are now considered a Party of Record for the project and your comments will be included in the Hearing Examiner staff report and sent as an exhibit to the Hearing Examiner for the public hearing. The staff report and hearing exhibits will be completed and posted online on Wednesday, June 26, 2024.

All documents related to the project are currently viewable on the city's public notice webpage: <https://www.arlingtonwa.gov/310/Public-Notices-Hearings>. Once on the page you will need to scroll down until you see the year 2023 and the Seattle Galvanizing Small Parts and Storage project. The city will be updating the exhibit list over the next couple of days, so if you do not see your name with comments it will be added shortly. Thank you!
