Subject: Galvanized plant

This message is from an External Sender
This message came from outside the City of Arlington

Good afternoon,

It has come to my attention that there
Is a proposed plant
Considered to be established here in Arlington
I would ask that the decision to move forward on this project be postponed for 90 days in
order to to ensure that the people of Arlington
Get a chance to clearly voice concerns about this project
Speaking from purely emotion although gives the council an idea of what the people are feeling
about this project, but time is needed to prepare and verify facts and cause and effect of this
project next to a residential area
This project simply needs more attention
I would hope that
You would consider this request of postponement
It will not hurt anyone to take the time to explore the
Ramifications of such a business in our beautiful city
Your time is respected,

Jack Miller
