Hi Amy,

The residence of the Gleneagle are definitely against allowing a galvanization processing plant so near to our neighborhood.

Based the feedback I have received, this will almost certainly trigger a class-action lawsuit against the City of Arlington.

Currently there is a marijuana growing facility at the bottom of the hill near the west entrance, and on a day when the wind picks up, there is a skunky smell that drifts up into the neighborhood!

PLEASE DO NOT ALLOW a toxic processing plant to be approved so near a population of over 1000 residents.

Thank You
