Nick,

The city received comments from DAHP for the project that required an Archaeological Survey. The applicant completed the survey, and it was reviewed and concurred by DAHP. A permit from DAHP is required prior to ground disturbance on the site. This information has been sent to the property owner and applicant, as well as included in the staff report and added as a condition for the public hearing in front of the Hearing Examiner.

Sincerely,  
Amy Rusko

Good morning Amy,

I wanted to check in and see if the City of Arlington has received a Letter of Concurrence from the Department of Archaeology and Historic Preservation for the Seattle Galvanizing Small Parts and Storage Project (PLN 1145) at 18520 67<sup>th</sup> Ave NE, Arlington?

Thank you,

Nicholas Gouette
