Hi Amy,

We would recommend an archaeological monitor be on site for ground disturbing activities on this project, and would request review of any archaeological monitoring plans and notification of ground disturbance.

Best, Kerry

**Subject:** City of Arlington - Notice of Application - Smokey Point Ridge BSP PLN #1198

Dear Review Agencies –

The City of Arlington has issued a Notice of Application for the Smokey Point Ridge Binding Site Plan, PLN #1198. The notice is attached, and the project documents are located on the city's website at the following link:

<https://www.arlingtonwa.gov/310/Public-Notices-Hearings> [arlingtonwa.gov], under 2024 Projects. The documents provided on the city's website are the initial application documents. The city will be issuing written review comments to the applicant after full review of the project. Some of these documents may change pending the review comments.

The City invites affected agencies, tribes, and special districts to review the documents and provide the City Staff Contact with any comments by the close of the comment period as indicated in the Notice of Application. Agency comments are to be submitted to the City Staff Contact via email or through the postal service. Regardless of the method, the City asks that project comments be provided on their respective agency's formal letterhead.

Once received, comments will be made part of the official record on file with the City. Comments received (or post-marked, if mailed) outside of the comment period will not be considered or made part of the record.

**Project Comment Deadline: April 2, 2024.**

Sincerely,

Amy Rusko
