Date: 08/16/2024
EXPIRES 18 MONTHS FROM DATE OF ISSUE

COMMENTS:

1. Water service is available for this project pending submittal and approval of:
 - a water model showing impacts of this development on the City of Arlington water system,
 - the design for the required water main extension and necessary system improvements, and
 - the design for a water distribution system for the Lindsey Annexation development.
2. Applicant shall coordinate with the Arlington City Engineer for water service line connections, meter location, backflow protection, utility easements, on-site water main alignment, water main extension requirements, and any other City of Arlington water supply requirements.
3. Sewer service is available for this project pending submittal and approval of:
 - a sewer model showing impacts of this development on the City of Arlington sewer system,
 - the design for the required sewer main extension and necessary system improvements, and
 - the design for a sewer collection system for the Lindsey Annexation development.
4. Applicant shall coordinate with the Arlington City Engineer for specifics pertaining to off-site sewer connection point, service location, utility easements, required pipe slope, monitoring manhole locations (if needed), pretreatment requirements, sewer extension requirements, and any other City of Arlington sewer requirements.
5. Any wells on the development property are to be abandoned per Arlington Municipal Codes 13.04.140 as a condition of service.
6. Water and Sewer system improvements shall be designed and constructed in accordance with City of Arlington Design and Construction Standards.
