Hello Amy,

Thank you for the notification regarding this permit. We truly appreciate the opportunity to provide comments and stay informed about projects occurring on ancestral lands.

At this time, we do not have a high concern regarding this project. We appreciate that the project proponent has done a cultural resource survey on this property previously, and we've enjoyed collaborating together to do our due diligence to protect cultural resources. We would however appreciate notification about when ground disturbance will be occurring so that we may have the opportunity to send a tribal monitor. Also, we recommend that there is an IDP in place which can be found on the Department of Ecology website.

Please let us know if you have any feedback or talk about this recommendation.
Thank you for your time. We look forward to continued communication.

t i ħ i ħ d u b u t – Take care,

Nakita Strangeways | THPO

Subject: City of Arlington - Snohomish County PUD Battery Energy Storage - Public Notice

Dear SEPA Review Agencies –

The City of Arlington has issued a Notice of Application, Notice of Neighborhood Meeting, and Mitigated SEPA Threshold Determination (MDNS) for Snohomish County PUD Battery Energy Storage System, project number PLN #1311.

Project documents can be viewed and reviewed under the project name on the City of Arlington's website at the below link.

[Public Notices / Public Hearings | Arlington, WA \[arlingtonwa.gov\]](http://arlingtonwa.gov)

The City invites affected agencies, tribes, and special districts to review the attached documents for potential environmental impacts and provide the City Staff Contact with any comments by the close of the comment period as indicated on the SEPA Threshold Determination. Agency comments are to be submitted to the City Staff Contact via email or through the postal service. Regardless of the method, the City asks that SEPA comments be provided on their respective agency's formal letterhead.

Once received, comments will be made part of the official record on file with the City. After the close of the comment period, the City will review all comments received, and may, at its discretion, modify, or add conditions to mitigate for newly identified environmental impacts. **Please note that the City will only accept *written* SEPA comments.** Following City review, all SEPA comments received within the comment period will be forwarded directly to the project applicant.

Comments received (or post-marked, if mailed) outside of the comment period will not be considered or made part of the record.

The due date for this review is 5:00 pm on March 21, 2025.

Sincerely,
Amy Rusko
