

# ARLINGTON MUNICIPAL AIRPORT UPDATE: TAXIWAY A IMPROVEMENTS PROJECT

## PROJECT OVERVIEW

The AWO Taxiway A Improvements project began on April 30th and is off to a great start. The airport is pleased to inform tenants that construction is currently ahead of schedule. Taxiway A Connector A1 will reopen on Thursday, June 19th, and the contractor will begin Phase 2 early, helping to reduce the overall duration and impacts of the project. As construction progresses, we would like to inform tenants of upcoming impacts (including closures). We will continue to update and issue NOTAMs as we approach Phase 2 completion.

We appreciate your understanding as we complete Taxiway A and Taxiway Connectors A2 and A3 pavement rehabilitation, as well as reconstruction of Taxiway Connectors A1 and A4 per FAA and WSDOT guidance. The total project duration has increased to 95 working days and work is divided into four phases with subphases that will have varying impacts to airport operations. A working day is generally any day Monday-Friday, excluding holidays.

## PROJECT IMPACTS - PHASE 2

### Phase 2A | 9 Working Days (June 23rd to July 3rd\*)

Impacted Area: **Taxiway A will be closed from just south of Arlington Flight Services (FBO) to just south of Taxiway Connector A2**

- Taxiway Connectors A2 and A3 will be closed (Connectors A1 and A4 will remain open)
- **The south area of the east ramp will remain open for access to Taxiway A**
- FBO will remain accessible from the north

Part of Phase 2 will begin early on Friday, June 20. The airport has coordinated with the contractor to confirm that the early start will not affect access to hangars and aprons. Taxiway A2 will be closed starting Friday, June 20th. Contact Airport Operations with any questions regarding taxi routes.

## MORE INFORMATION:

Scan this QR code with your phone camera or visit the project website at:  
<https://arlingtonwa.gov/224/Airport-Projects>

Call Airport Office: 360-403-3470

### Phase 2B | 3 Working Days within Phase 2A

#### Runway 16-34 Closure (June 26th-27th):

- Closed for construction work performed within runway safety area

#### Runway 11-29 Closure (2 working days (tbd)):

- Closed for work within the approach
- Runways 11-29 and 16-34 will not be closed concurrently

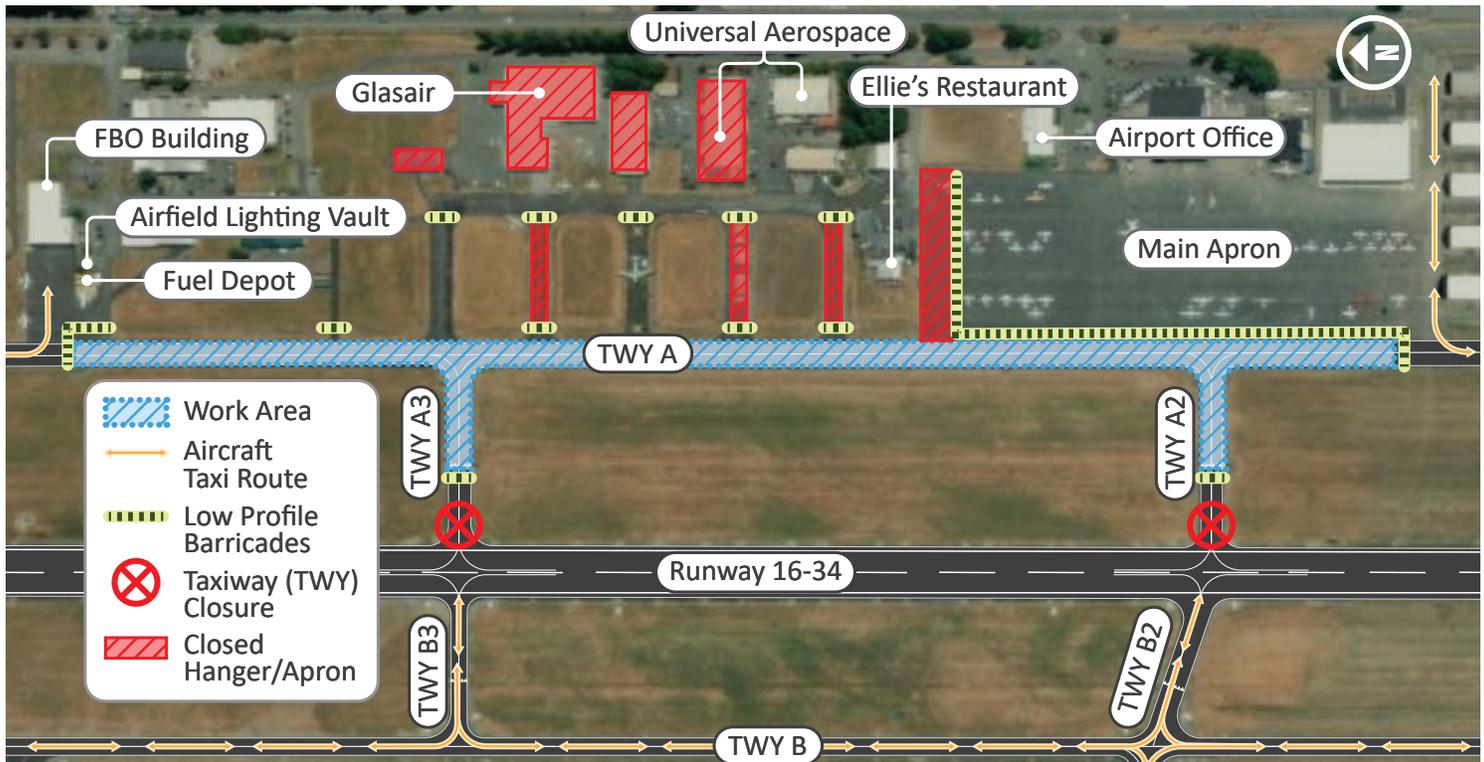

**Temporary tie-down locations will be provided for any tenant impacted by closures - contact Airport Operations for additional information**

To further accommodate tenants, the airport will offer three (3) Prior Permission Required (PPR) windows daily: 6:30-7:00AM, 12:00-12:30PM, and 7:00-7:30PM upon request only. The RSA will be non-standard for all PPR flights.

**All PPRs must be coordinated with Airport Operations at least 24-hours in advance.**

Phase 3 Scheduling and impact procedures will be announced near completion of Phase 2 construction.

Project schedule and dates are subject to change and any changes will be communicated. Check your NOTAMs!

The Taxiway A Improvements Project is an FAA and WSDOT Aviation grant funded project.
