This message came from outside the City of Arlington

Hi Amy, I'm emailing you with concern for the proposed apartments to be built off 530. That many additional people in the community will greatly affect the already over populated schools, and lack of infrastructure in our cute little town. Not to mention the # of additional cars driving on our roads. I've lived in Arlington my whole life and owned 2 houses here myself. Island crossing exit is already so congested that I personally avoid it at all costs. This new apartment complex will only make that work and increase the number of accidents on 530. Please do what you can to stop this from happening there are already many other housing areas being built in Arlington currently and before you know it we're gonna be just like Marysville
