Amy,

This is an effort to show my concern and objection to the huge development being "planned" off 530 and 59th.

Why is it not obvious that this community is now overrun with population growth, insufficient infrastructure and at a high level of crime, congestion, and insufficient schools.

We tax payers are overtaxed and under served. Costing us a fortune and quality of life decreasing. I have lived here for most all my life, and I am a Senior. This community is no longer the charming, close knit community. Only ones who seem to think so is those who have moved in from other areas, and think this is Utopia. NOT what natives think. I also realize some growth is to be expected, but by the way life and community has been affected, probably no need for more growth for many years. Bring the infrastructure up to date, put a moratorium on mass building and help bring a halt to this major problem.

It is disheartening to see this going on daily, new building most everywhere but no relief in sight.

We taxpayers are getting a bad deal. Hoping there will be some restrictions and changes that will be a positive impact.

Im wanting someone to make a stand, a stand for healthy community for the residents and taxpayer.

Kathy Whitley
