PLEASE - do not build this before the road is widened. This area of 172nd does not support this amount of increased traffic. I understand that we have to comply with the growth management act, but we need to put in place the infrastructure to support the growth first. I turn onto 172nd from 73rd. There are days/times that I can go 5 minutes without an opening to turn onto 172nd due to traffic. It's become dangerous to turn into and out of my neighborhood- this plan will make this substantially worse for everyone living off 172nd. Please, infrastructure first!
