

SEPA ENVIRONMENTAL CHECKLIST

Purpose of checklist:

Governmental agencies use this checklist to help determine whether the environmental impacts of your proposal are significant. This information is also helpful to determine if available avoidance, minimization or compensatory mitigation measures will address the probable significant impacts or if an environmental impact statement will be prepared to further analyze the proposal.

Instructions for applicants:

This environmental checklist asks you to describe some basic information about your proposal. Please answer each question accurately and carefully, to the best of your knowledge. You may need to consult with an agency specialist or private consultant for some questions. You may use "not applicable" or "does not apply" only when you can explain why it does not apply and not when the answer is unknown. You may also attach or incorporate by reference additional studies reports. Complete and accurate answers to these questions often avoid delays with the SEPA process as well as later in the decision-making process.

The checklist questions apply to all parts of your proposal, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

Instructions for Lead Agencies:

Please adjust the format of this template as needed. Additional information may be necessary to evaluate the existing environment, all interrelated aspects of the proposal and an analysis of adverse impacts. The checklist is considered the first but not necessarily the only source of information needed to make an adequate threshold determination. Once a threshold determination is made, the lead agency is responsible for the completeness and accuracy of the checklist and other supporting documents.

Use of checklist for nonproject proposals:

For nonproject proposals (such as ordinances, regulations, plans and programs), complete the applicable parts of sections A and B plus the [SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS \(part D\)](#). Please completely answer all questions that apply and note that the words "project," "applicant," and "property or site" should be read as "proposal," "proponent," and "affected geographic area," respectively. The lead agency may exclude (for non-projects) questions in Part B - Environmental Elements –that do not contribute meaningfully to the analysis of the proposal.

A. Background [\[HELP\]](#)

1. Name of proposed project, if applicable:

2022 Zoning Code Amendments

2. Name of applicant:

City of Arlington

3. Address and phone number of applicant and contact person:

18204 59th Avenue NE, Arlington, WA 98223

4. Date checklist prepared:

July 25, 2022

5. Agency requesting checklist:

City of Arlington, Community and Economic Development Department

6. Proposed timing or schedule (including phasing, if applicable):

Amendments to the Zoning Code are expected to be adopted in October 2022

7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.

This is a non-project action proposal. The City is updating the regulations of its Zoning Code – AMC Title 20 to ensure consistency with related state and city policies and regulations. Site-specific applications for development utilizing the zoning code are considered separate actions and will be reviewed for compliance with the zoning code at the time of Application.

8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal.

There are no additional environmental documents that have been prepared for this non-project proposal.

9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain.

This is a non-project action. The proposed amendments have been sent to the Department of Commerce for review. Amendments to AMC Title 20 – Zoning require approval from the City of Arlington Planning Commission and City Council.

10. List any government approvals or permits that will be needed for your proposal, if known.

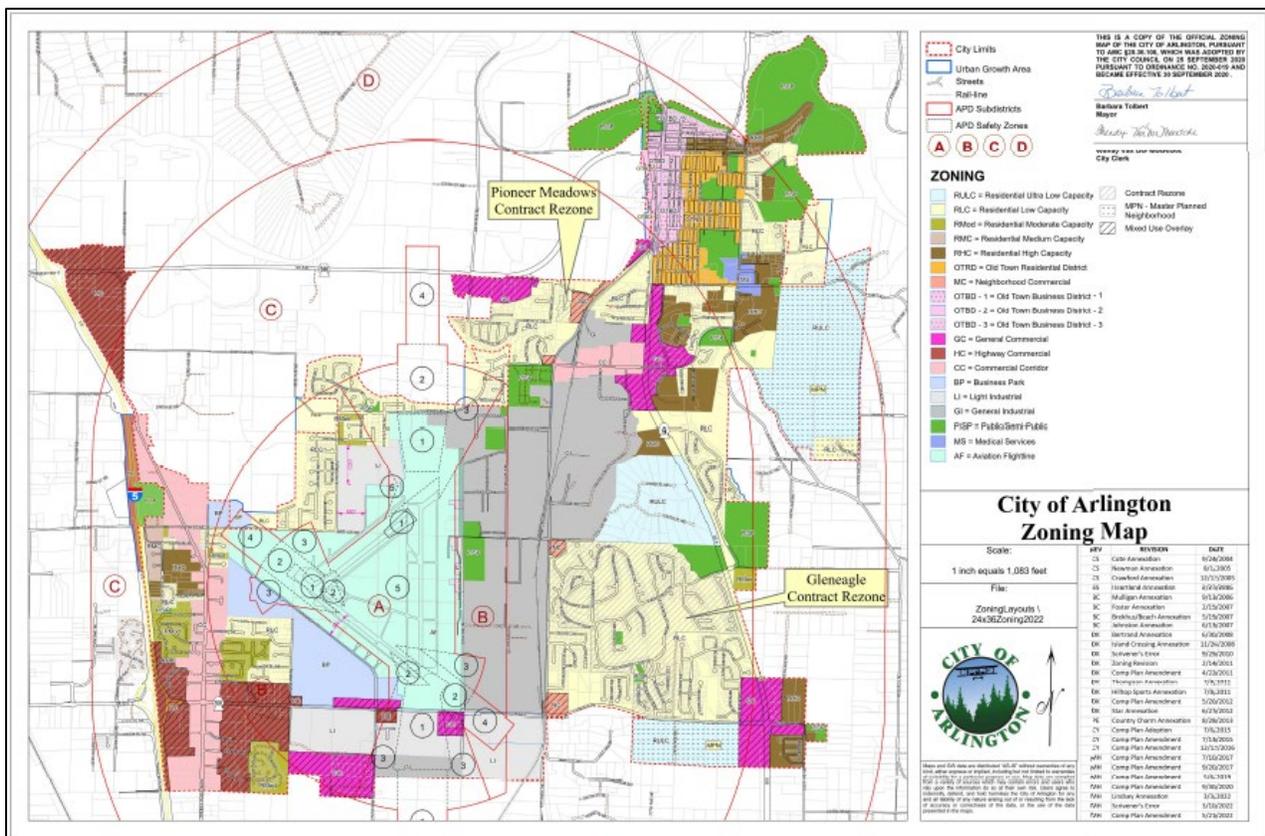

The City of Arlington Planning Commission and City Council.

11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.)

The 2022 Zoning Code Amendments are a non-project action consisting of revisions to Title 20 – Zoning of the Arlington Municipal Code. The code amendments reflect changes to the zoning map, new zoning designations, and new residential housing types that have been updated over the past 2 years. These changes require necessary revisions to chapters of the code that have not been updated for many years. Revisions occur in the following chapters: 20.04 – General Provisions, 20.08 - Basic Definitions & Interpretations, 20.12 – Administrative Mechanisms, 20.16 – Permits & Final Plat Approval, 20.20 – Appeals, Variances, Interpretations, 20.24 – Hearing Procedures, 20.32 – Nonconforming Situations, 20.36 – Zoning Districts, 20.38 – Airport Protection District, 20.40 – Permissible Uses, 20.44 – Supplemental Use Regulations, 20.46 – Design, 20.48 – Density & Dimensional Regulations, 20.52 – Recreational Facilities and Open Space, 20.56 – Streets and Sidewalks, 20.60 – Utilities, 20.68 - Signs, 20.72 – Parking, 20.76 – Screening and Trees, 20.80 – Forest Land Conversion, 20.90 Concurrency & Impact Fees, 20.93 Critical Area Ordinance, 20.94 – Annexations, 20.98 – SEPA, 20.110 Mixed Use Development Regulations, and the Development Design Standards.

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist.

This is a non-project action that contains proposed policies and regulations that are applied within the identified jurisdictional city limits of the City of Arlington as shown on the map below.

B. Environmental Elements [\[HELP\]](#)

1. Earth [\[help\]](#)

a. General description of the site:

(circle one): Flat, rolling, hilly, steep slopes, mountainous, other _____

N/A this is a non-project action proposal.

b. What is the steepest slope on the site (approximate percent slope)?

N/A this is a non-project action proposal.

c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils.

N/A this is a non-project action proposal.

d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.

N/A this is a non-project action proposal.

e. Describe the purpose, type, total area, and approximate quantities and total affected area of any filling, excavation, and grading proposed. Indicate source of fill.

N/A this is a non-project action proposal.

f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.

N/A this is a non-project action proposal.

g. About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?

N/A this is a non-project action proposal.

h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any:

N/A this is a non-project action proposal.

2. Air [\[help\]](#)

a. What types of emissions to the air would result from the proposal during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known.

N/A this is a non-project action proposal.

b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe.

N/A this is a non-project action proposal.

c. Proposed measures to reduce or control emissions or other impacts to air, if any:

N/A this is a non-project action proposal.

3. Water [\[help\]](#)

a. Surface Water: [\[help\]](#)

1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into.

N/A this is a non-project action proposal.

2) Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? If yes, please describe and attach available plans.

N/A this is a non-project action proposal.

3) Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.

N/A this is a non-project action proposal.

4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known.

N/A this is a non-project action proposal.

5) Does the proposal lie within a 100-year floodplain? If so, note location on the site plan.

N/A this is a non-project action proposal.

6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge.

N/A this is a non-project action proposal.

b. Ground Water: [\[help\]](#)

1) Will groundwater be withdrawn from a well for drinking water or other purposes? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well. Will water be discharged to groundwater? Give general description, purpose, and approximate quantities if known.

N/A this is a non-project action proposal.

- 2) Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: Domestic sewage; industrial, containing the following chemicals. . . ; agricultural; etc.). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.

N/A this is a non-project action proposal.

c. Water runoff (including stormwater):

- 1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.

N/A this is a non-project action proposal.

- 2) Could waste materials enter ground or surface waters? If so, generally describe.

N/A this is a non-project action proposal.

- 3) Does the proposal alter or otherwise affect drainage patterns in the vicinity of the site? If so, describe.

N/A this is a non-project action proposal.

d. Proposed measures to reduce or control surface, ground, and runoff water, and drainage pattern impacts, if any:

N/A this is a non-project action proposal.

4. Plants [\[help\]](#)

a. Check the types of vegetation found on the site:

- deciduous tree: alder, maple, aspen, other
- evergreen tree: fir, cedar, pine, other
- shrubs
- grass
- pasture
- crop or grain
- Orchards, vineyards or other permanent crops.
- wet soil plants: cattail, buttercup, bullrush, skunk cabbage, other
- water plants: water lily, eelgrass, milfoil, other
- other types of vegetation

N/A this is a non-project action proposal.

b. What kind and amount of vegetation will be removed or altered?

N/A this is a non-project action proposal.

c. List threatened and endangered species known to be on or near the site.

N/A this is a non-project action proposal.

- d. **Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any:**

N/A this is a non-project action proposal.

- e. **List all noxious weeds and invasive species known to be on or near the site.**

N/A this is a non-project action proposal.

5. **Animals** [\[help\]](#)

- a. **List any birds and other animals which have been observed on or near the site or are known to be on or near the site.**

Examples include:

birds: hawk, heron, eagle, songbirds, other:

mammals: deer, bear, elk, beaver, other:

fish: bass, salmon, trout, herring, shellfish, other _____

N/A this is a non-project action proposal.

- b. **List any threatened and endangered species known to be on or near the site.**

N/A this is a non-project action proposal.

- c. **Is the site part of a migration route? If so, explain.**

The entire City of Arlington is within the Pacific Flyway.

- d. **Proposed measures to preserve or enhance wildlife, if any:**

N/A this is a non-project action proposal.

- e. **List any invasive animal species known to be on or near the site.**

N/A this is a non-project action proposal.

6. **Energy and Natural Resources** [\[help\]](#)

- a. **What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.**

N/A this is a non-project action proposal.

- b. **Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.**

N/A this is a non-project action proposal.

- c. **What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any:**

N/A this is a non-project action proposal.

7. Environmental Health [\[help\]](#)

- a. **Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal? If so, describe.**

N/A this is a non-project action proposal.

- 1) Describe any known or possible contamination at the site from present or past uses.**

N/A this is a non-project action proposal.

- 2) Describe existing hazardous chemicals/conditions that might affect project development and design. This includes underground hazardous liquid and gas transmission pipelines located within the project area and in the vicinity.**

N/A this is a non-project action proposal.

- 3) Describe any toxic or hazardous chemicals that might be stored, used, or produced during the project's development or construction, or at any time during the operating life of the project.**

N/A this is a non-project action proposal.

- 4) Describe special emergency services that might be required.**

N/A this is a non-project action proposal.

- 5) Proposed measures to reduce or control environmental health hazards, if any:**

N/A this is a non-project action proposal.

b. Noise

- 1) What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)?**

N/A this is a non-project action proposal.

- 2) What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site.**

N/A this is a non-project action proposal.

- 3) Proposed measures to reduce or control noise impacts, if any:**

N/A this is a non-project action proposal.

8. Land and Shoreline Use [\[help\]](#)

a. What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe.

N/A this is a non-project action proposal.

b. Has the project site been used as working farmlands or working forest lands? If so, describe. How much agricultural or forest land of long-term commercial significance will be converted to other uses as a result of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to nonfarm or nonforest use?

N/A this is a non-project action proposal.

1) Will the proposal affect or be affected by surrounding working farm or forest land normal business operations, such as oversize equipment access, the application of pesticides, tilling, and harvesting? If so, how:

N/A this is a non-project action proposal.

c. Describe any structures on the site.

N/A this is a non-project action proposal.

d. Will any structures be demolished? If so, what?

N/A this is a non-project action proposal.

e. What is the current zoning classification of the site?

The City's zoning classifications include the following:

Residential Ultra Low Capacity (RULC)	Highway Commercial (HC)
Residential Low Capacity (RLC)	Commercial Corridor (CC)
Residential Moderate Capacity (R-Mod)	Business Park (BP)
Residential Medium Capacity (RMC)	Light Industrial (LI)
Residential High Capacity (RHC)	General Industrial (GI)
Old Town Residential District (OTRD)	Public / Semi-Public (P/SP)
Neighborhood Commercial (NC)	Medical Services (MS)
Old Town Business District -1 (OTBD-1)	Aviation Flightline (AF)
Old Town Business District -2 (OTBD-2)	Contract Rezone Overlay
Old Town Business District -3 (OTBD-3)	Master Planned Neighborhood Overlay
General Commercial (GC)	Mixed-Use Overlay

f. What is the current comprehensive plan designation of the site?

The City’s comprehensive plan designations include the following:

Residential Ultra Low Capacity (RULC)	Highway Commercial (HC)
Residential Low Capacity (RLC)	Commercial Corridor (CC)
Residential Moderate Capacity (R-Mod)	Business Park (BP)
Residential Medium Capacity (RMC)	Light Industrial (LI)
Residential High Capacity (RHC)	General Industrial (GI)
Old Town Residential District (OTRD)	Public / Semi-Public (P/SP)
Neighborhood Commercial (NC)	Medical Services (MS)
Old Town Business District -1 (OTBD-1)	Aviation Flightline (AF)
Old Town Business District -2 (OTBD-2)	Contract Rezone Overlay
Old Town Business District -3 (OTBD-3)	Master Planned Neighborhood Overlay
General Commercial (GC)	Mixed-Use Overlay

g. If applicable, what is the current shoreline master program designation of the site?

N/A this is a non-project action proposal.

h. Has any part of the site been classified as a critical area by the city or county? If so, specify.

N/A this is a non-project action proposal.

i. Approximately how many people would reside or work in the completed project?

N/A this is a non-project action proposal.

j. Approximately how many people would the completed project displace?

N/A this is a non-project action proposal.

k. Proposed measures to avoid or reduce displacement impacts, if any:

N/A this is a non-project action proposal.

l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any:

N/A this is a non-project action proposal.

m. Proposed measures to reduce or control impacts to agricultural and forest lands of long-term commercial significance, if any:

N/A this is a non-project action proposal.

9. *Housing* [\[help\]](#)

- a. **Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.**

N/A this is a non-project action proposal.

- b. **Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low-income housing.**

N/A this is a non-project action proposal.

- c. **Proposed measures to reduce or control housing impacts, if any:**

N/A this is a non-project action proposal.

10. *Aesthetics* [\[help\]](#)

- a. **What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed?**

N/A this is a non-project action proposal.

- b. **What views in the immediate vicinity would be altered or obstructed?**

N/A this is a non-project action proposal.

- c. **Proposed measures to reduce or control aesthetic impacts, if any:**

N/A this is a non-project action proposal.

11. *Light and Glare* [\[help\]](#)

- a. **What type of light or glare will the proposal produce? What time of day would it mainly occur?**

N/A this is a non-project action proposal.

- b. **Could light or glare from the finished project be a safety hazard or interfere with views?**

N/A this is a non-project action proposal.

- c. **What existing off-site sources of light or glare may affect your proposal?**

N/A this is a non-project action proposal.

- d. **Proposed measures to reduce or control light and glare impacts, if any:**

N/A this is a non-project action proposal.

12. Recreation [\[help\]](#)

a. What designated and informal recreational opportunities are in the immediate vicinity?

N/A this is a non-project action proposal.

b. Would the proposed project displace any existing recreational uses? If so, describe.

N/A this is a non-project action proposal.

c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any:

N/A this is a non-project action proposal.

13. Historic and cultural preservation [\[help\]](#)

a. Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers ? If so, specifically describe.

N/A this is a non-project action proposal.

b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources.

N/A this is a non-project action proposal.

c. Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the department of archeology and historic preservation, archaeological surveys, historic maps, GIS data, etc.

N/A this is a non-project action proposal.

d. Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required.

N/A this is a non-project action proposal.

14. Transportation [\[help\]](#)

a. Identify public streets and highways serving the site or affected geographic area and describe proposed access to the existing street system. Show on site plans, if any.

N/A this is a non-project action proposal.

b. Is the site or affected geographic area currently served by public transit? If so, generally describe. If not, what is the approximate distance to the nearest transit stop?

N/A this is a non-project action proposal.

- c. How many additional parking spaces would the completed project or non-project proposal have? How many would the project or proposal eliminate?**

N/A this is a non-project action proposal.

- d. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle or state transportation facilities, not including driveways? If so, generally describe (indicate whether public or private).**

N/A this is a non-project action proposal.

- e. Will the project or proposal use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.**

N/A this is a non-project action proposal.

- f. How many vehicular trips per day would be generated by the completed project or proposal? If known, indicate when peak volumes would occur and what percentage of the volume would be trucks (such as commercial and nonpassenger vehicles). What data or transportation models were used to make these estimates?**

N/A this is a non-project action proposal.

- g. Will the proposal interfere with, affect or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe.**

N/A this is a non-project action proposal.

- h. Proposed measures to reduce or control transportation impacts, if any:**

N/A this is a non-project action proposal.

15. Public Services [\[help\]](#)

- a. Would the project result in an increased need for public services (for example: fire protection, police protection, public transit, health care, schools, other)? If so, generally describe.**

N/A this is a non-project action proposal.

- b. Proposed measures to reduce or control direct impacts on public services, if any.**

N/A this is a non-project action proposal.

16. Utilities [\[help\]](#)

- a. Circle utilities currently available at the site:**

electricity, natural gas, water, refuse service, telephone, sanitary sewer, septic system,
other _____

N/A this is a non-project action proposal.

- b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.

N/A this is a non-project action proposal.

C. Signature [\[HELP\]](#)

The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.

Signature: 

Name of signee: Amy Rusko

Position and Agency/Organization: Planning Manager / City of Arlington

Date Submitted: July 25, 2022

D. Supplemental sheet for nonproject actions [\[HELP\]](#)

(IT IS NOT NECESSARY to use this sheet for project actions)

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment.

When answering these questions, be aware of the extent the proposal, or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise?

The proposed zoning code amendments associated with AMC Title 20 are not anticipated to increase any of the above items. The proposed amendments are primarily to ensure consistency with related state and city policies and regulations. Site-specific applications for development utilizing the zoning code are considered separate actions and will be reviewed for compliance with the zoning code at the time of Application.

Proposed measures to avoid or reduce such increases are:

No such measures are needed.

2. How would the proposal be likely to affect plants, animals, fish, or marine life?

The proposed zoning code amendments associated with AMC Title 20 are not anticipated to significantly affect plants, animals, fish or marine life. The proposed amendments are primarily to ensure consistency with related state and city policies and regulations. Site-specific applications for development utilizing the zoning code are considered separate actions and will be reviewed for compliance with the zoning code at the time of Application.

Proposed measures to protect or conserve plants, animals, fish, or marine life are:

No such measures are needed.

3. How would the proposal be likely to deplete energy or natural resources?

The proposed zoning code amendments associated with AMC Title 20 are not anticipated to significantly to affect the depletion of energy or natural resources. The proposed amendments are primarily to ensure consistency with related state and city policies and regulations. Site-specific applications for development utilizing the zoning code are considered separate actions and will be reviewed for compliance with the zoning code at the time of Application.

Proposed measures to protect or conserve energy and natural resources are:

No such measures are needed.

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

The proposed zoning code amendments associated with AMC Title 20 are not anticipated to affect environmentally sensitive areas. The proposed amendments are primarily to ensure consistency with related state and city policies and regulations. Site-specific applications for development utilizing the zoning code are considered separate actions and will be reviewed for compliance with the zoning code at the time of Application.

Proposed measures to protect such resources or to avoid or reduce impacts are:

No such measures are needed.

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

The proposed zoning code amendments associated with AMC Title 20 reflect changes to the zoning map, new zoning designations, and new residential housing types that have been updated over the past 2 years. These changes require necessary revisions to chapters of the code that have not been updated for many years. The proposed amendments are primarily to ensure consistency with related state and city policies and regulations. Site-specific applications for development utilizing the zoning code are considered separate actions and will be reviewed for compliance with the zoning code at the time of Application.

Proposed measures to avoid or reduce shoreline and land use impacts are:

No such measures are needed.

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

The proposed zoning code amendments associated with AMC Title 20 are not anticipated to increase demands on transportation or public services and utilities. The proposed amendments are primarily to ensure consistency with related state and city policies and regulations. Site-specific applications for development utilizing the zoning code are considered separate actions and will be reviewed for compliance with the zoning code at the time of Application.

Proposed measures to reduce or respond to such demand(s) are:

No such measures are needed.

7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.

The proposed zoning code amendments associated with AMC Title 20 are not anticipated to conflict with local, state, or federal laws or requirement for the protection of the environment. There are many amendments that bring outdated zoning code sections and chapters into compliance with state and local regulations.
