

Priority snow and ice removal routes are cleared with 3 different trucks and include:

- Busiest streets that connect neighborhoods
- Streets used most frequently by public safety agencies
- Streets that serve public institutions such as hospitals and schools
- Streets used by transit agencies

Although non-arterial streets are not a priority, additional routes are addressed as time and equipment allow.

I-5, SR 530 and SR 9 are maintained by WSDOT and streets outside of Arlington are maintained by other agencies.

City of Arlington does not maintain private driveways.
