Meeting ID: 861 6032 3742      Passcode: 431296      Local Number: 1-253-215-8782

**Proposal Description:** The applicant is proposing a preliminary unit lot subdivision through a conditional use permit for a 36 townhome development on approximately 4.89 acres site, of which 2.2 acres are developable, within the residential high capacity zone. The proposal is for a townhouse style project consisting of three 5-unit buildings, three 4-unit buildings, and three 3-unit buildings. Each unit has its own attached garage for two parking spaces and guest parking will be provided throughout the development. Access to the site includes a new public road to the west and a private drive aisle to the east, both accessed from 172<sup>nd</sup> Street NE.

The site contains a Category III wetland (Wetland A) that is proposed to remain protected with buffer averaging (no net loss) due to the irregular shape of the wetland. The project includes 13,000 cubic yards of cut and fill across the site. Approximately 55% of the site will remain in a Native Growth Protection Area Tract, however the proposal includes the removal of 13 significant trees and the planting of 95 trees.

Project improvements to the site include frontage improvements along both public and private roads, landscaping, park and open space, critical area protection, and the extension of city water and sewer.

**How to View the Project:** All materials pertaining to this project may be examined online at [www.arlingtonwa.gov/310/Public-Notices-Hearings](http://www.arlingtonwa.gov/310/Public-Notices-Hearings). The files are also available for viewing at the Community & Economic Development Department, located at 18294 59<sup>th</sup> Avenue NE, Arlington, WA 98223.
